On March 14, 2022 sometime between 12:40 am and 05:00 am, a theft occurred from Wolf Creek Building Supplies in Morinville, AB. The Empty Bowl program for pets

By Grant Cree

The Empty Bowl Pet Supply Program distributes pet food and supplies to low-income or in-crisis pet owners who need assistance to provide basic needs for their pet/s.

The program was launched in March as a way for residents to help neighbours who are struggling to help their pets.

"When clients are in crisis or experiencing hardship, having to give up their pets would add that much more

trauma to what they're already experiencing," said Kim Mills, Community Supports Navigator with the Town of Morinville.

"This whole program is to make sure that those pets are safe and well cared for and stay with their families."

Mills wants the community to be aware that this need exists and provide residents with a solution to help those in crisis through personal donations.

"If they're looking to receive support, they go through me," said Mills, who can be

reached by email at community@morinville.ca.

"And if people want more information because they're looking to donate, they can do so at the vet clinic," said Mills, referring to the Morinville Veterinary Clinic.

Jessica Black is the Assistant Manager at Morinville Veterinary Clinic. She noted her team will gladly accept donations of dog food, cat food and cat litter on the condition the bags are sealed.

"Anybody can just swing by and drop it

off, and that's it," said Black.

"We don't want people to be separated from their pets. That's the worst thing. But unfortunately, if they can't afford to feed themselves and their pets, we are trying to help out with that."

Donations of pet food and pet supplies are accepted at the Morinville Veterinary Clinic at 9804 90 Avenue.

Local musician supporting annual Rainmaker

Canadian musician Lee Aaron performs at the 2019 Rainmaker Rodeo and Exhibition in St. Albert.

By Grant Cree

Paul Smith of Smith Music in Morinville will soon be providing his expertise to the annual Rainmaker Rodeo and Exhibition in St. Albert.

The popular annual event will be held during the weekend of May 27 to 29 at the St. Albert Kinsmen grounds.

“Rainmaker is like a music concert festival, plus they have a midway, and they have a rodeo

called the Rainmaker Rodeo,” said Smith.

“So there’s a major rodeo component, and the concert component is kind of the same size or bigger.”

The live in-person gathering draws many fans of country and rock music. There are also family-friendly activities such as a parade, marketplace and other activities. All profits go to the St. Albert Kinsmen Club.

“The rodeo and the concert are the two pillar events,” said Smith. “And then there’s the midway and many other events like markets and those kinds of things.”

Smith was approached a few years ago when he was chair of the annual Morinville Festival Days.

He was impressed with the Kinsmen’s dedication to supporting local communities and appreciated their positive vibes.

Bucking horses are popular at the Rainmaker Rodeo and Exhibition in St. Albert. The Rainmaker will be held from May 27 to 29 at the St. Albert Kinsmen grounds.

Photos by Corie Black, Thistle & Maple Photography

“At the end of the day, it’s for love; it’s not for money because I do other projects for higher billable hours,” said Smith. “I do it because the Kinsmen are a special group of people. When you

see everybody putting all their energy into the weeks before and during the weekend, it’s pretty hard not to catch the fever of volunteerism.” Even though the event organizers are based in

St. Albert, Smith noted that they also support other local communities. “Over the last decade, they’ve donated close to \$1,000,000 into Morinville between parks and various things.”

 Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
SEE SOLUTIONS PAGE 7

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
