## Mutual Assistance Agreement established between City of St. Albert and Town of Morinville

The City of St. Albert and Town of Morinville have formalized a Fire Services agreement to aid one another in emergency situations.

On June 1, 2022, signed copies of the Mutual Assistance Agreement were received by both partners. This agreement will enhance the safety of residents in both municipalities.

“This agreement formalizes the collaborative relationship that we have with Morinville,” said Mayor Heron.

“We are thankful that we can count on our neighbours

City of St. Albert that same year during a fire at their historic St. Jean Baptiste Parish.

When such requests are required, they are made under a long-standing regional agreement, the Municipal Services Mutual Aid Agreement. Anticipating future reciprocal requests, the City of St. Albert and Town of Morinville agreed that a modern independent Mutual Aid Agreement is required.

Under the agreement, both parties may request assistance for: personnel, equipment, standby coverage, etc.

and work in harmony to share resources when in need and improve public safety.”

“The Town of Morinville is pleased to have formally established this Mutual Aid agreement with St. Albert. Collaboration is key to success and during challenging times we are thankful to know that we can count on

our regional partner to provide support,” said Mayor Boersma.

“This agreement, along with the recent signing of a recreation ICF truly benefits and strengthens both communities”.

When a municipality responds to a local emergency, the need may arise to request

assistance from a neighbouring community to aid in combating that situation.

From time to time, the St. Albert Fire Service has reached out to its neighbours for assistance; the Citadel Mews fire in 2021 is just one recent example. Similarly, the Town of Morinville requested assistance from the

# SUDOKU

**Fun By The Numbers:** Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

							1

Level: Intermediate

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

# Restaurant activity soars to a new peak

The revenue of Alberta's restaurants and bars stood at a historic high as seasonally adjusted receipts at food services and drinking places rose \$36 million (+4.2%) to reach \$886 million in April. Through the first four months of 2022, unadjusted sales were up by

\$816 million (+35.1%) compared to the same period last year.

Relative to other provinces, Alberta's year-to-date gain (in percentage terms) was third highest after Quebec (+48.9%) and Ontario (+45.4%).

Inflation continued to play a part in the increase, but was not the main factor.

Over the first four

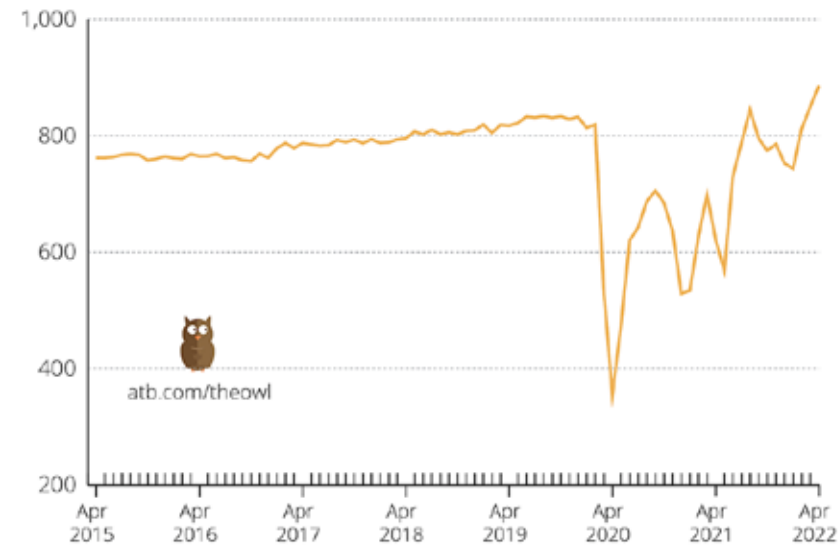

months of the year, prices of food purchased from restaurants in Alberta were up only 3.0% while revenue surged 35.1% during the same timeframe.

Meanwhile, with monthly gains posted in every province and territory in April, national restaurant and bar revenue was up by \$6.5 billion (+38.6%) on a year-to-date basis.

Despite inflation rates spiraling to highs not seen in decades across the country, looser public health measures related to COVID-19 continued to push restaurant and bar sales higher.

We expect the story to be largely unchanged in May despite the overall consumer price index rising by a record 7.7% in Canada.

## Kirsten Whitfield is the National Champion and Gold medal winner for the Secondary Cabinet Making competition 2022!

Kirsten has been killing it over the last 12 days in her National Cabinet making competition.

She has been laser-focused on completing the project.

The national judges have been comparing her quality of work to the National post-secondary students (this is a massive compliment as some of these post-secondary students have been working in the trade for 2-4

years already).

Please congratulate Kirsten. She has put in countless hours preparing for every level of this competition

Also congratulations to Mr. Kyle Coxen for his mentorship and support.
