Bon Accord Senior's Event

By Grant Cree

More than 100 people attended the Bon Accord Senior's Event on June 8 at the Bon Accord Arena.

The evening gathering was previously scheduled to be at Centennial Park, but the organizers moved the event indoors due to the weather.

Mayor Brian Holden and elected officials were in the arena along with Town staff, who mingled with residents as everybody enjoyed a free barbeque.

Participants offered congratulations to the two winners of flower-hanging baskets. Local performers, Two Bad Apples, provided entertainment.

"A huge thank you to the Bon Accord Agricultural Society for sponsoring our event," said Lila Quinn, Recreation and Community Services Manager for the Town of Bon Accord.

"Thank you to those who donated to the Food Bank, the volunteers, members of Council, and the staff who made this event possible."

Mayor Brian Holden presented one of several door prizes to Sherry Kinjerski during the Bon Accord Senior's Event on June 8 at the Bon Accord Arena.

Life in the Heartland

By Grant Cree

"Alberta's Industrial Heartland is one of the world's most attractive locations for chemical, petrochemical, oil and gas investment," said Mark Plamondon, Executive Director of Alberta's Industrial Heartland Association (AIHA).

He hosted a media open house on June 15 to connect

with residents following limited activities due to the pandemic.

"The association is guided by a non-profit association of municipalities dedicated to sustainable eco-industrial development," said Plamondon.

Enjoy a game at Cardiff Golf Club

By Grant Cree

Cardiff Golf & Country Club is an 18-hole semi-private golf club located about 1-minute south of Morinville. The driving range helps golfers sharpen their skills, and is also where visitors can take a lesson from one of the PGA of Canada Golf Professionals.

"I feel fortunate every day to go to a nice golf course," said Matt Mah, an Associate Golf Professional employed with the club for the last three seasons.

"Golf is a game that's very relatable to life in the sense that the breaks aren't always going to go your way. You just have to take the good with the bad just like anything, move on and accept it. That part of the game is really cool to me."

Mah invites newcomers to stop by sometime, and notes the club members are a friendly tight knit group who enjoy the game and each other's company. He describes the course as "somewhat challenging" with a mix of advanced and beginner skill levels.

"It's a mix of both," he said. "For people with lower skill levels, the teams are set up in a good way where they can get up there and play, then if you want to stretch it out and test yourself, you can do that too."

For new golfers the club offers group or private lessons, and clinics for ladies or juniors.

"If anyone wants to learn the game

Cardiff Golf & Country Club Associate Golf Professional Matt Mah invites people to enjoy a game of golf and relax afterward in the clubhouse. **Photo by Grant Cree**

we have four instructors here," said Mah. "One of our four pros here will teach you. I mean, we're busy, but we always have space for anyone that wants a lesson."

Cardiff Golf & Country Club facilitates many tournaments hosted by local business and organizations. Cardiff is a full-service golf facility with packages that include green fees, cart fees, and range balls.

After the game, players can relax

at the Flat Iron Grill with great food from a full menu served by friendly staff.

"We want to be a place where you

want to bring your families and hang out," said Mah. "We always need new people coming in, so we're doing what we can to grow the game."

Continued from page 1

the association is a collaborative 24-year partnership of five municipalities and three associate members.

The municipalities are Fort Saskatchewan, Lamont County, Sturgeon County, Strathcona County and the City of Edmonton. The associate members are the towns of Gibbons, Redwater and Bruderheim.

AIHA strives to provide a single approach to promote and facilitate industrial development. Plamondon and his team proactively collaborate on facilitating services and infrastructure for potential partners.

The Heartland is home to Canada's largest hydrocarbon processing centre and covers 582 square kilometres.

The economic impact of more

than 40 industrial heartland companies is \$45 billion in existing investment resulting in \$2 billion in annual local spending. This provides approximately 8,000 positions in direct employment and about 30,000 indirect jobs.

"Our competitive advantages include low-cost feedstock," said Plamondon.

"We have the lowest in North America and some of the lowest in the world. Along with world-class infrastructure driving significant foreign investor interest in our region."

Plamondon added that carbon capture utilization and storage, geology and infrastructure will position AIHA as a leader in industrial decarbonization.

"We have the potential to grow to a \$70 billion jurisdiction by 2030," he said.

Level: Beginner

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

DID YOU KNOW?

Socialization in midlife can have a profound impact on individuals as they approach their golden years.

A 2019 study led by researchers at University College London found that being more socially active in your 50s and 60s predicts a lower risk of developing dementia later in life.

The study used data from a previous study that tracked more than 10,000 participants between 1985 and 2013.

Participants in the study completed

cognitive testing from 1997 onwards.

Researchers found that someone who saw friends almost daily at age 60 was 12 percent less likely to develop dementia than someone who only saw one or two friends every month. Strong associations between social contact at age 50 and subsequent dementia were also uncovered. The study supports the idea that remaining socially active in ones 50s and 60s can benefit long-term cognitive health.
